Washington, DC 20554

Re: Radio Controlled Airplanes

Dear Ms. Townsend Solheim,

A constituent would like us to assist regarding a problem concerning the proposed changes in Hobby Band radio frequencies.

Our constituent informed us that the Federal Communications Commission has proposed making changes in frequency allotments that would affect model airplanes. Our constituent believes that these changes have the potential to create dangerous situations. Could you give us a status update on these proposed changes and any options available to users of model airplanes?

Any information or help you can provide my staff to enable us to assist in reaching a favorable solution will be greatly appreciated. Please direct any correspondence or questions regarding this inquiry to my office at:

Senator Conrad Burns
Attention: Pamela Tierney Crisafulli
324 West Towne
Glendive, Montana 59330
(406) 365-2391

Thank you for your assistance in this matter.

Sincerely,

Conrad Burns
United States Senator
